

# Supergirl

*The stupendous Supergirl cannot believe that the rumours are true. Who is this human with lightning fast answers?*

*Only a knowledge of doubling and halving numbers to 100 will satisfy her hunger for victory!*

*Supergirl is exhausted after your extraordinary efforts. She only has enough strength for five word problems...*

1. Mum tells Barry that whatever pocket money he saves, she will give him the same amount. If he saves £23, how much will he have altogether? £\_\_\_\_\_
2. Mr Wayne has 68 socks. How many pairs of socks does he have? \_\_\_\_\_pairs
3. Clarke bakes 37 cupcakes for the bake sale. Louis says she will bake the same amount. How many cakes have they baked between them? \_\_\_\_\_cakes
4. A sat nav says a journey to the city will take 45 minutes by car. It takes Supergirl half that time to fly there. How long does her flight take? \_\_\_\_\_minutes
5. Batman and Robin agree to share any lottery winnings equally. If they win £79, how much will they each get? £\_\_\_\_\_ each

Your time	
Time needed to beat Supergirl	5 minutes
