

Tuesday 22nd September 2020

Dear Parent/ Carer,

Every Friday, the children will be given a homework sheet which reflects key areas in English and Maths. Please complete and return this by the following Wednesday.

The homework will be discussed and explained to your child before it is sent home every week.

Home learning project

This half term the children's home learning project is to research an endangered animal of their choice and present this in a poster, leaflet or model. This could include factual information about their habitat, appearance, adaptations, diet, behaviour and why they are endangered. This links to our current topic 'Here We Are' (see examples below). Under the current circumstances, children cannot bring their completed project into school. However, we would like the children to complete the task and bring a photograph of it to share with the class by 04.11.2020. Alternatively, photos can also be emailed to admin@romanway.herts.sch.uk.

Resources

We have also attached some resources to support your child's learning through their homework:

- Statutory spellings (common exception words) to be learnt by the end of Year 4
- Continuous cursive handwriting letter formation guidance sheet

These are for you to keep at home and not to be brought back into school.

Kind regards,

Miss Albert, Miss Cooper and Mrs Dean
