

Dear Parents and Carers,

We hope that you are all well and managed to enjoy the Easter break. We are missing you all and can't wait to see you all again and hear about what exciting things you have been up to.

We have put together some ideas for home learning which can be found on the school website, but we appreciate how tricky it can be, so please just do what you can and when you can. The idea is that you pick two activities a day, one from the outside grid and one from the inside grid, alongside some reading, storytelling or phonics. With the activities in the grids we have tried to keep it so you do not need too many resources but see what you have in your cupboards, you'd be surprised by what you can use.

You will also find a separate sheet with suggested websites and online resources. From our own experience the amount of resources and websites can be overwhelming as there is so much to choose from so we have just given a few of our favourite sites and some key sites where you can find links to many more.

Please remember that at this young age most learning is through play, so when you get the opportunity please do enjoy playing with your children; be superheroes, play shops with them, make cakes or build a den.

We will continue to source home learning ideas for you and these will be available on our website.

Stay safe, well and happy and hopefully we will see you all soon.

Best wishes

Mrs Clare, Mrs Inskip and EYFS team.
